1 Topic

In this project, we use Deep Learning method to automatic classify images from <https://heobs.org> into 4 classes, include:

Heritage

A place of cultural, historical, or natural significance for a group or society.

Beings

Any form of life, such as a plant or a living creature, whether human or other animal.

Scenery

Any form of landscapes which show little or no human activity and are created in the pursuit of a pure, unsullied depiction of nature, also known as scenery.

Other

Any other type of image that doesn't represent a photograph, such as painting, illustration, any object.

2 State of the art

3 Fuctional Requirements

4 Non-functional Requirements

5 Prototype
